

FROM: Marissa Miller, Trans Solutions
SUBJECT: Join us March 31 at 9 a.m.

Please join Trans Solutions and MDwise on March 31 – International Transgender Day of Visibility – for the ribbon-cutting celebration for our HEALTHlink Connection Center by MDwise.

HEALTHlink will give our community members and neighbors access to computers and internet for such things as completing health needs screenings, locating health providers, applying for Supplemental Nutrition Assistance Program (SNAP) benefits; connecting with job opportunities and much more.

Trans Solutions is home to the first HEALTHlink Connection Center, designed to increase access for individuals without a computer or broadband internet access at home. HEALTHlink is one tool MDwise is using to help increase health equity in marginalized communities, especially those with Black, Indigenous, and People of Color.

Please join us in celebrating this new resource for our community!

HEALTHlink Center Ribbon Cutting
Friday, March 31 at 9 a.m.
Trans Solutions Research and Resource Center
104 E. 38th St., Indianapolis

RSVP to: info@transolutionsrrc.org Please add in the Subject Line MDWise

Kind Regards
Marissa Miller
